

# 2008 Rainier Challenge Registration Checklist

Here is a little manager's checklist that may help you gather your thoughts as you prepare to spend the weekend with us at the tournament.

**At  
Registration:**  
(at least 1 hour before  
your first game)

- 
- Final Tournament Roster** – Please bring an original of your final roster that is signed by either your club or association registrar. Be sure to have it updated with guest player information. For US Club teams, you may use a roster verifying that players were properly registered.
  - Medical Release Forms** – Signed medical release forms must be available at team registration and at each game. We can't make exceptions to this rule. Your club's medical release forms are acceptable or we will have some available at the field. **Please note:** Medical Release Forms DO need to be signed by a parent or legal guardian but DO NOT need to be notarized.
- Requirements for Oregon teams only:**
- Permission to Travel Forms** – Please bring a copy of your travel papers to registration.
  - Picture Identification Cards** - Please bring picture ID cards issued by the OYSA, but only if you have received them by the start date of the tournament.

**At Every  
Game:**

---

The following documents need to be on hand at each game:

- Tournament Roster**
- Medical Release Forms**

- 
- Remember to make arrangements for your pets. We love dogs, but please advise your parents that dogs and other pets are not welcome at the WPFC Complex during the tournament. Now I feel bad for saying that.
-
